25X1 16. [] Met with Frances Christy, House
25X1 Immigration and Nationality Subcommittee staff, and reviewed with her
the [] file. This is the same family that has been in correspon-
dence with the General Counsel on other matters over the past few years.
I will provide such additional information or assistance as may be desired
for committee use.

25X1 17. [] Congressmen Robert Denney and
Donald Lukens have accepted our invitation to attend the 20 April breakfast
briefing at Headquarters.

Congressmen G. V. Montgomery, Nick Galifianakis, and Charles
Whalen indicated that prior commitments would prevent them from accepting
our invitation.

25X1 18. [] Accompanied []
Office of Logistics, to a meeting with Mr. Ernest C. Baynard, Staff
Assistant, House Subcommittee on Government Activities, in connection
with that Subcommittee's review of possible contractor fraud in repainting
the Headquarters building in 1965. The meeting was generally congenial
and it was agreed that we will assist the Subcommittee by attempting to
locate escort personnel used on the job who may be able to recall certain
relative facts. (See memorandum for the record.)

25X1 19. [] Picked up from the office of Congressman
Paul Findley (R., Ill.) an envelope addressed to the Director. The sealed
envelope was then delivered to the Director's office.
